Previously the Church Board reported that a letter alleging misconduct of Pastor Tony Jones was received and the board had determined that there was no basis to open a formal investigation.

Upon further review of new and ongoing issues, in concert with the District Superintendent, the board called for a Special Review of Pastor Tony's leadership to address specific areas of concern. The purpose of a special review is to determine whether or not the current lead pastoral leadership should continue.

The board has determined that it is in the best interest of Parkside Church and its mission that the current lead pastoral leadership should not continue. Following a unanimous vote of no confidence by the church board, we are in the process of finalizing an appropriate manner in which to conclude the leadership of Pastor Tony Jones.

Please join the church board in prayer as we seek the guidance of the Holy Spirit during this critical time.
